## ALLERGEN MENU

This menu lists which allergens are contained in each of our dishes and also whether dishes are suitable for vegans or vegetarians. We work closely with our suppliers and chefs to ensure that our information is as up to date as possible. However we ask that you inform your waiter before ordering if you have any allergies to ensure that your requirements are met.

Sometimes we change our recipes so please check back to this menu to ensure you have the most up to date information available.

Whilst we take every care with your meal we cannot guarantee a 100% allergen free environment nor can we guarantee against any processes used by our suppliers or products, as out dishes are prepared in areas where other allergens are present.

## **VERY IMPORTANT NOTES**

Our food is cooked in vegetable oil produced from genetically modified soya. Our stock which is used in most sauces, is made from bouillon which contains celery & soya

**Coeliacs**: All dishes are prepared in the same kitchen with risk of <u>gluten</u> exposure, so we do not recommend any dishes for customers with coeliac disease. We ask that customers with gluten sensitivity should exercise judgment before ordering.

**Vegetarians**: We use Gran Moravia parmesan which is suitable for vegetarians & is naturally lactose free. All other cheeses may use animal enzymes in production & so may not be suitable for all vegetarians. Please note that any deep-fried dishes may be cooked in the same fryer as fish products.
